

JANUS[®]
INTERNATIONAL GROUP

COLOR CHART

First generation doors used polyester paint, and second generation doors used a siliconized polyester. Now there's a more flexible, longer warranty alternative: Super Durable Polyester (SDP) paint. Only at Janus International.*

SDP paint offers greater flexibility, corrosion resistance and hardness...all important features when you consider the daily wear and tear your steel doors receive.

Our coil coating color selections are available for 26 gauge materials, such as our sheet doors and filler panels and components.

All colors here are stocked and backed by a 40 year film integrity warranty, guaranteed to hold up against peeling, cracking, blistering, flaking, splitting or delaminating. In addition, these colors are guaranteed not to fade or change color for 25 years. Refer to the complete official warranty in this brochure.

STANDARD COLORS

Bronze

Cedar Red

Continental Brown

Desert Sand
